HOLM'S
CONSTRUCTION

COMPANY PRINCIPLES / OUR MISSION:

Holm's Premix aims to provide the highest possible standard of quality and service in the construction industry, striving to deliver all projects in the committed time frame with care and consideration for quality, not quantity. Every client is our asset and customer satisfaction is our main priority.

Contracts are executed by technically well experienced and qualified personnel. A superior is on site daily, as well as the chief contractor, for regular supervision.

We endeavour proper designs, approval and planning to meet various regulatory Government requirements. Projects are managed in such a manner to minimize pollution and ecological disturbance in order to adhere to the regulations of relevant authorities.

We undertake to co-operate with communities to meet their needs and aspirations.

This provides employment opportunities which contribute towards to overall benefit of the country.

OUR MEN AT WORK:

Personnel – foremen, machine operators, skilled employees – receive regular job/equipment training and are assessed for support and promotion. We are proud to mention that many of our staff has been with the company for 20-plus years, due to recognition, pleasant working conditions and good remuneration packages.

SAFETY:

The manpower of Holm's Premix is its most valuable resource.

To ensure a safe workplace for staff, and also to protect clients' investment and facilities, we adhere to a strong health and safety culture, driven by the goal to achieve zero accidents.

This is effectively reached by using protective clothing and equipment, safe tools and machinery, and well trained and competent staff.

AFFIRMATIVE ACTION:

Holm's Construction accordance with the Affirmative Action (employment) act of 1998.

The company strives to empower and educate the staff in all fields of construction and road surfacing, giving each employee the opportunity to better themselves and this carrier path.

COMPANY LAGACY:

In 1951 The late Uwe Knut Holm founded 'Uwe Holm Bauunternehmen' which with the purchase of 'SAG Premix', in 1975, became known as HOLM'S PREMIX and now known as HOLM'S CONSTRUCTION.

We remain true to the same principles on which our company was founded: Providing superior service to our clients - Putting safety first - Creating opportunities for our people - Delivering exceptional work - Fostering innovation - Acting with integrity - and Strengthening our communities.

These tenets unite us as one company and guide every aspect of our business.

We take pride in working with clients, communities and colleagues to develop and implement innovative solutions to Namibia's most complex challenges.

HOT + COLD PREMIX ASPHALT

We operate a stationary, continuous-production asphalt plant with an output capacity of 35 tons per hour. Our plant is Windhoek-based and we supply Hot-Premix-Asphalt to order, and we stockpile Bulk and 30kg Cold-Premix-Asphalt-Bags at our premises in Lafrenz Industrial Township.

Our production processes follow the SANAS accredited COLTO Standard, which is the South African Standard Specifications for Road and Bridge Works - We produce a B70/100 Hot-Premix-Asphalt.

Our asphalt division provides road maintenance such as permanent-pothole-repair, as well as speed-bump construction and maintenance.

We deliver nationwide.

BITUMINOUS ROAD SURFACING / SUPPLY & MAINTENANCE

Our production processes follow the SANAS accredited COLTO Standard, which is the South African Standard Specifications for Road and Bridge Works.

Our surfacing equipment is ideal for small and medium scale road constructions.

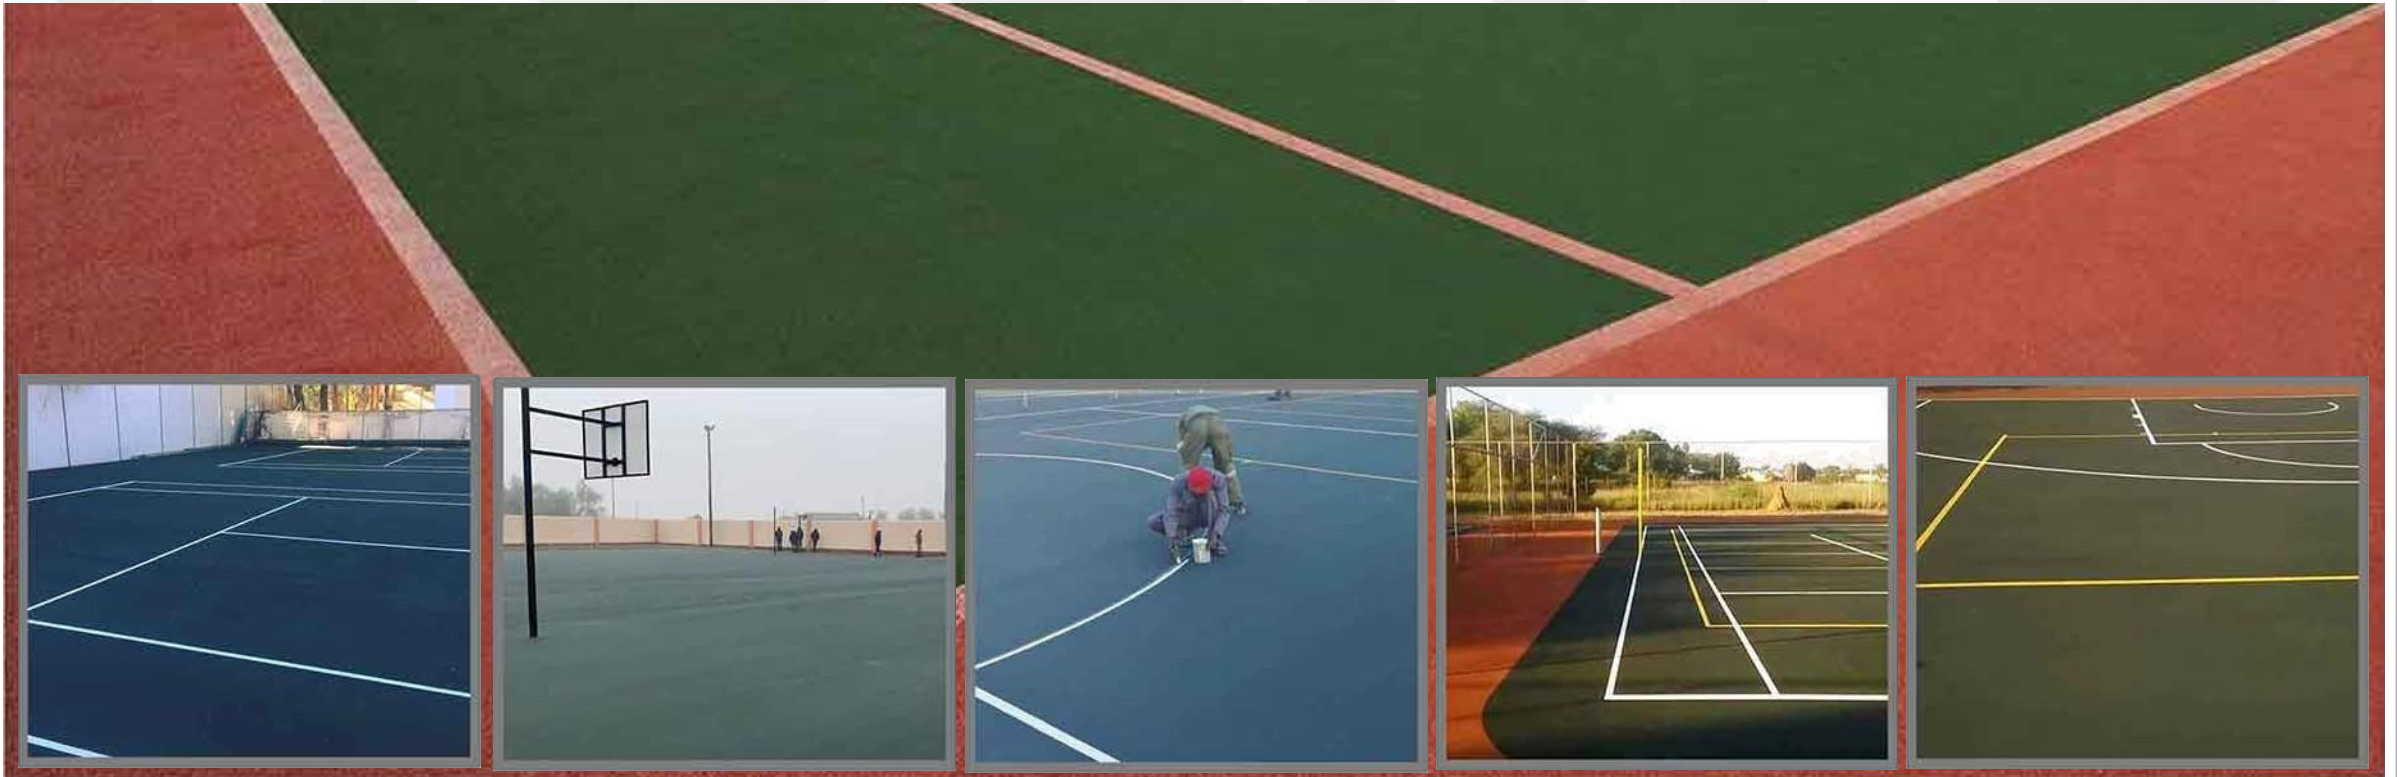

BARRETT'S SPORTS SURFACES

Holm's Premix holds the nationwide Barrett's Courts Franchise. Barrett's Courts is an ideal surface finish for various sporting activities. We construct new sports surfaces and provide maintenance to existing surfaces

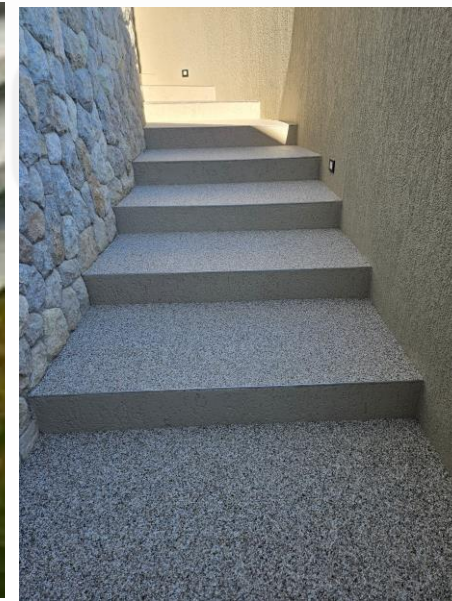

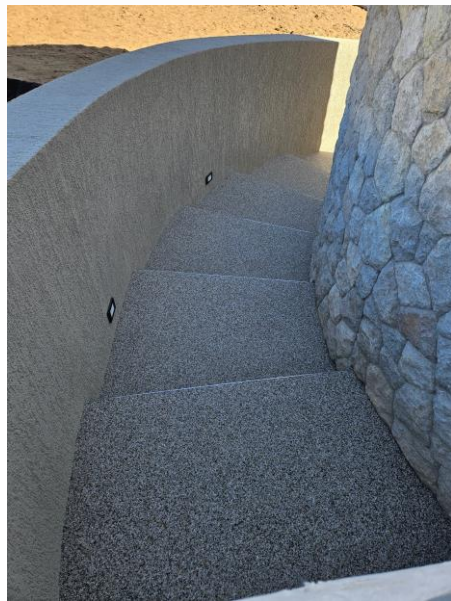

QUARTZ CARPET SEAMLESS FLOORING

Holm's Construction holds the nationwide Quartz Carpet Franchise.

Quartz Carpet, is the world leader in seamless quartz flooring systems. The floors success is due to its natural sophistication and unique seamless aesthetic appeal.

The glacial stone used in this beautiful flooring system is exceedingly durable. Quartz Carpet floors have a particular delightful tactile sensation underfoot.

The resins used are solvent free, 100% UV resistant and colour fast and contains no VOC's which makes it environmentally friendly as well as sustainable.
